## Permission for commercial use of Photographs Video & Promotion

Dear Parents,

From time to time, we like to celebrate the children's achievements through press article, social media such as our website, Facebook, Instagram and LinkedIn accounts, and displays at events or even in school. We are expecting to also regularly be approached by various publications for articles about our school and events.

In addition to this, we also advertise our Preschool across a range of platforms.

With all the above, we often use photos and or videos to demonstrate the topic, we understand that some parents are not comfortable with promotional literature/ press releases containing photos of their children, so we would like to ensure you have given your full permission for us to do so before any photos or videos are published.

Please fill in the details below and tick whether you DO/DO NOT give permission for Willow Early Education and Preschool to use your child in our promotional/press release photographs/video.

Name of Child: .....

Name of Parent: .....

I DO give permission for Willow Early Education and Preschool to use my child's photographs/video.

I DO NOT give permission for Willow Early Education and Preschool to use my child's photographs/video.
